
E100: Spectral gaps and boundary sensitivity
16-32
64-128
192-320
480-640
k=16: adjacent-frame chordal distance
k=64: adjacent-frame chordal distance
k=256: adjacent-frame chordal distance
Starting update spectrum: relative gap
Starting update spectrum: relative gap
Starting update spectrum: relative gap
196/196 matrices; 28 full layers. Each point is a matrix; selected intervals shown. Association does not establish cause.
